

Our distinctive gift shop offers a variety of art and handcrafted items created by our community of award winning artists.

River Art Gallery builds relationships based upon mutual respect for the contribution both the artist and gallery staff. We are honored to be a catalyst for creativity, professional growth and your personal success in the arts.

Supporting a flourishing artistic community, we are located in the heart of North Tonawanda's historical and cultural district. River Art Gallery & Gifts' parent company, Pencil in the River Studio began over 25 years ago. Now, these businesses work in collaboration to ensure the highest level of quality in fine art giclée reproductions and exposure, both regionally and internationally.

We offer a selection of artist support services that build their professional pathway and career in the arts. Working within a consignment retail environment and a series of gallery exhibitions throughout the year, our members are active participants within our artist network.

We encourage our members to invest the time essential for successful networking and relationship building, as we work together to establish the processes and business support systems vital to maintaining their career in the world of art.

Our Team

- Lisa Langer** - President / Creative Director
- Melinda K. Schneider** - Gallery Manager
